Re: Docket Number 98P-0151/CP1

I just read a news item about "Downed animals," which prompted to write you on behalf of these poor suffering animals. These poor creatures are already ill or lamed and they are left to suffer without food, water or necessary veterinary care!!!

Reading such news just sickenes me. I am very fond of animals and I get very upset about it when they suffer, are abused and/or neglected.

The Downed animals are often hauled in terrible ways to be slaughtered and used for HUMAN CONSUMPTION ! I certainly would not want to consume meat that has been ailing. It would seem to me that such meat is not really safe for eating.

I urge that you grant Farm Sanctuary's petition to ban the killing of downed animals.

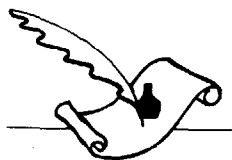

Respectfully submitted,
